INSTRUCTIONS

1. Large Crochet Piece (Body)

- Follow the details in **Diagram 1** and repeat a total of **4 rows** until the piece measures 105 cm.

Crocheting the Body:

1. **Chain 50 cm + 3 extra chains** and turn the work to the reverse side.
2. **Row 1:** Work one double crochet (DC) in each chain across. Chain 4 and turn to the reverse side.
3. **Row 2:** Skip the first dc from the previous row, then work *1 chain + 1 double crochet (dc)*, creating small squares. Continue across the row. At the end of the row, chain 1 and turn to the reverse side.
4. **Row 3:** For each small square from the previous row, work **2 crossed double** crochets backward into the double crochet of the square below. Repeat for all squares across the row. At the end, chain 1 and turn the work.
5. **Row 4:** Work one single crochet (sc) into each double crochet from the row below. This completes the pattern sequence.

Repeat Rows 1 - 4 to complete the piece, which should measure approximately **50 cm x 105 cm**.

2. Small Crochet Piece (Chest Flap)

- **Begin with Bouquet Colour 715:** Chain 17 cm.
- Work **5 rows** of single crochet (sc), then continue with the pattern sequence until the piece measures 31 cm.
- Finish with another **5 rows** of single crochet.

Final Measurements: Approximately **25 cm x 35 cm**.
